## Community Business Partner:

Small Dog Electronics is the third largest Apple specialist in the U.S. and a proud Vermont business with a commitment to social responsibility. We have been part of the Mac community for over a decade, and it goes without saying that we love dogs!

Through our website, [www.smalldog.com](http://www.smalldog.com), and our retail stores, Small Dog sells and supports Apple desktops, notebooks, iPods, and accessories in new, used, and Apple refurbished condition. We have a large selection of iPod gear and we have lots of deals for students and teachers heading back to school. We stock academic software and thousands of peripherals for both Macs and PCs.

In addition, we are an Apple Authorized Reseller and Service Provider. Our Apple certified technicians can troubleshoot, diagnose and repair qualifying Apple products. Our Service Department can also repair qualifying Apple products under AppleCare. We offer an extensive Service Menu for repairs out of warranty so that you only pay for the specific services you need.

For those of you looking to get more out of your Mac, we offer classes at both of our retail stores. To get a current listing of the classes being offered, course curriculums, class locations, and to reserve a spot, please check out our website at [www.smalldog.com/classes](http://www.smalldog.com/classes).

Small Dog was started by Don Mayer, who continues to run the business along with his son, Hapy, plus more than forty other hardworking, passionate (and unique!) employees. Our two retail stores are located in Vermont, including one in South Burlington, and one as part of our company headquarters in Waitsfield. Small Dog Electronics seeks to make customers for life by offering excellent prices, fair business practices, and superior customer service!

We have an active e-waste recycling program, as well as a matching philanthropic contribution program. Last year, we collected over 55 tons of electronic waste to recycle in one day at our South Burlington store! Philanthropy is an important part of Small Dog Electronics' social mission, which in turn gives us a multiple bottom line - we believe that businesses can be a positive force for our community, environment, customers, and employees.

Visit us online at [www.smalldog.com](http://www.smalldog.com), or come in to one of our retail stores for a face-to-face buying experience. The South Burlington store is located at 100 Dorset Street (under the clock tower), next to EMS. The store hours are Monday through Wednesday 10 a.m.-7 p.m., Thursday and Friday 10 a.m.-9 p.m., Saturdays 10 a.m.-7 p.m., and Sundays 10 a.m.-5 p.m. Go online to [www.smalldog.com/contact.html](http://www.smalldog.com/contact.html) for the Waitsfield store location, directions, and more details!

Don and his small dog, Hammerhead, ride in style!
